RE: NAB Offers “No Interest Loan Scheme”

MCCA welcomes the “No Interest Loan Scheme” offered to Australians, particularly of Muslim background as part of its community initiatives to raise awareness of the experience of people on low incomes, inequitable social structures, financial exclusion, social and economic participation.

Managing Director Mr Chaaban Omran says “community leaders are in touch with Australians who are struggling to make ends meet and are the right people to assist in identifying the criteria for approval.” The ultimate beneficiaries of the reported \$15million capital will be the community and for this NAB should be applauded.

Mr Omran further says “we wish this project unconditional success and hope that this initiative will lead to comprehensive retail Islamic Banking in Australia.”
